

## Special connection request

For enquiries please phone (02) 6293 5749 or return this form by email to [networkservicing@actewagl.com.au](mailto:networkservicing@actewagl.com.au) All systems must be approved by ActewAGL and all relevant authorities prior to connection to the ActewAGL network.

### Customer/proponent details

Customer or business name

Unit number  Floor  Street number  Street name

Block  Section  Suburb  State  Postcode

National meter identifier (NMI)  Contact phone  Contact email

☐ Check this box if you are amending a special connection request you have previously submitted.

### Work site address

As per customer/proponent details listed above ☐

Location descriptor or business name

Unit number  Floor  Street number  Street name

Block  Section  Suburb  State  Postcode

### Generator details

Manufacturer  Model  Series

Number of generator units (or inverters)  Standard net metered PV Solar inverter system + ☐

Total installation nominal rating ^  kW

### Inverter details (where applicable)

DC power supplied to each inverter  Over frequency setting  Over voltage setting

Phases  Under frequency setting  Under voltage setting

### Solar panel details (where applicable)

Total number of panels  Rating per panel  Watts Panels per inverter

Panel manufacturer  Panel model

If different inverters have different numbers of panels, please provide details as an attachment.

### Contractor/installer information

Contractor/installer  Phone

Business name  Email

Electrical licence number  Clean Energy Council (CEC) accreditation number\*

^ For Solar PV, enter the sum of the panel ratings For all other generator units enter the sum of the generator units' ratings

+ For all other embedded generator special connection requests, please complete the additional generator details section overleaf

\*Applicable for inverter-based installations

**System information (required for connections which are not standard solar PV net metered systems)****Generator type**

- ☐ Inverter  
☐ Rotating machine  
☐ Other (please specify)  
.....

**Generator energy source**

- ☐ Solar      ☐ Wind      ☐ Diesel  
☐ Hydro      ☐ Wave      ☐ Fuel cell  
☐ Gas      ☐ Battery  
☐ Other (please specify)  
.....

**Generator mode of operation (tick all appropriate boxes)**

- ☐ Gross metered      ☐ Demand responsive  
☐ Net metered      ☐ Continuous operation  
☐ Backup supply      ☐ Peaking plant  
☐ Other (please specify)  
.....

**Generator details (required for generator units not on the CEC list of approved products)**Nominal AC power  kWNominal AC current  A**Comments and notes****Customer declaration**

By signing the below I declare and agree that:

- ☐ the information I have provided in this form is accurate and correct. If for any reason this information is incorrect, I will submit a new *Special connection request* form for approval by ActewAGL
- ☐ I have read, understood, and accept the terms and conditions of the ActewAGL *Service and installations rules*
- ☐ I have attached a line diagram and all other relevant information as per ActewAGL requirements for embedded generator connection to ActewAGL low voltage (LV) network.

Name of proponent or their agent  Signature  Date  /  / **(ActewAGL use only)**Received date  /  / 

If ActewAGL approves your special connection request, the approval remains valid for 90 days from the issue date unless a certificate of electrical safety is received from the licensed electrician.
