

AusNet Services - Embedded Generator Pre-Approval Form

Embedded Generation Type	<input type="checkbox"/> Solar <input type="checkbox"/> Wind <input type="checkbox"/> Hydro <input type="checkbox"/> Energy Storage	<input type="checkbox"/> Other energy source.....
System Size Limit	<input type="checkbox"/> 4.6kVA- 15kVA <input type="checkbox"/> 15kVA – Above <input type="checkbox"/> Single Line Diagram attached	<input type="checkbox"/> 4.6kVA- 15kVA <input type="checkbox"/> 15kVA – Above <input type="checkbox"/> Single Line Diagram attached
Customer Phases	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/>	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/>

INVOICING DETAILS – Invoice and Approval / Rejection letter will be sent to company below

COMPANY NAME	COMPANY CONTACT	COMPANY ABN:	EMAIL:
COMPANY ADDRESS:			POST CODE:

SECTION 1: INSTALLATION DETAILS

Installer Company Name		Installer Phone Number	
Installer Company Address		Installer email address	
Is an existing Embedded Generator Installed at this premise	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Total Installed Capacity (Total rating of, all solar panels, all turbines, or all other energy sources including existing systems if applicable)	_____ kVA	Inverter Power Rating (1 hour or continuous rating)	_____ kVA
Installed Capacity Per Phase (mark N/A for phases not available)	Phase A: _____ kVA	Phase B: _____ kVA	Phase C: _____ kVA
Inverter Manufacturer		Inverter Model Name	
Export Limit (if applicable) maximum amount to be exported into the electricity grid	_____ kVA per phase		

SECTION 2: INSTALLATION COMPLIANCE (to be completed and signed by the installer)

Is the Inverter an 'Approved' Inverter	<input type="checkbox"/> Yes <input type="checkbox"/> No From Clean Energy Council Approved Grid-Connected Inverters list
Inverter Number of Phases	<input type="checkbox"/> Single phase 230V <input type="checkbox"/> Three phase 400V <input type="checkbox"/> Two phase 230/400V <input type="checkbox"/> Two phase 230/460V
Total Customer Load Number of Phases	<input type="checkbox"/> Single phase 230V <input type="checkbox"/> Three phase 400V <input type="checkbox"/> Two phase 230/400V <input type="checkbox"/> Two phase 230/460V

By signing this form, you acknowledge and represent that the information provided is true and correct and that the minimum requirements set out for PV systems up to 3.5kW/phase (SWER System) up to 4.6kW/phase (on a Single Phase) and 5kW/phase (on a three Phase System) have been met.

- AusNet Services accepts no responsibility for any costs if a customer installs an Embedded Generator prior to receiving authorisation.
- Other charges associated with metering alterations, approvals or commissioning and testing are not included in pre-approval charge.
- If any adverse impacts to the network are identified, capacity of the system proposed might need to be reduced, connection may be refused, or a financial contribution may be required to upgrade the electricity network.
- Inverter Energy Systems that do not meet the minimum requirements will not be accepted, and when identified will be required to disconnect until modified to comply.

Installer Name:* _____ **Installer Accreditation No:*** _____

Installer Signature:*  **Date:*** _____

Application is valid for 90 days from this date. If not installed within 90 days new application is required.

SECTION 3: GENERATOR OWNER DETAILS

Customer Name*		Customer NMI*(Refer to your electricity bill)		Existing Meter Number*	
Supply Address*					
Mailing Address*				Phone Number*	

PRIVACY STATEMENT: The personal information you provide in this form will be collected by your Distributor for the purpose of connecting your proposed Embedded Generator to the Victorian electricity grid. This information will be used and disclosed by your Distributor in accordance with its privacy processes. You can find more information on your Distributor's privacy processes on their website.
