As part of this initiative, Panel serial numbers have been verified against an approved CEC manufacturer's database.

Here are is a record that outlines the details of your solar installation verified by SPV Manufacturer data:

| HEADERS | DETAILS |
|-----------------------------|--|
| Greenbot ID | 443246 |
| Installation Details | Solar Retailer name: SAE Group Pty Ltd Contact number: 1300182050 Website: Installation Address: 38 Market Parade, TERRANORA NSW 2486 |
| Install & verification date | 13/07/2022 |
| System Details | Panel Manufacturer: Seraphim Solar System Co Ltd Panel Supplier: SERAPHIM RENEWABLES PTY. LTD. Panel Model: SRP-390-BMD-HV Number of panels installed: 17 |
| SPV verified serial numbers | BMA854210701403162, BMA854210701403258, BMA854210701402527, BMA854210701400696, BMA854210701401293, BMA854210701400098, BMA854210701400337, BMA854210701400962, BMA854210701401235, BMA854210701401740, BMA854210701402851, BMA854210701403347, BMA854210701405011, BMA854210701404962, BMA854210701405084, BMA854210701405085, BMA854210701404948 |

SPV WRITTEN STATEMENT:

- The SPV verification undertaken by the relevant Verification Service has verified that the Solar Panel Serial Numbers provided in the Data Package correspond to models on the Approved Modules List based on information stored in the relevant Verification Service Provider's Database;
- The Signed Data Package issued by the relevant Verification Service through the Installer App does not give a User a right to obtain STCs or to have an application to register STCs processed outside of the CER's usual processing times;

iii. A Solar Panel corresponding to a Solar Panel Serial Number verified by the relevant Verification Service through use of the Installer App has not been specifically approved, authorised, tested, inspected or checked in any way, including without limitation in relation to safety or quality, other than having its Solar Panel Serial Number checked against the Database maintained by the relevant Verification Service Provider;

iv. Greenbot PTY LTD does not otherwise make any other promise, statement or representation or give any guarantee, assurance or warranty that directly or indirectly indicates that use of the Greenbot Installer App:

- a. gives a User the right to obtain Signed Data Packages or to register STCs;
- b. gives a User the right to have an application to register STCs processed outside of the CER's usual process and processing times; or
- c. indicates or suggests that a Solar Panel corresponding to a Solar Panel Serial Number verified using the Installer App has been specifically approved, authorised, inspected, tested or checked in any way, including without limitation in relation to safety or quality, other than having its Solar Panel Serial Number checked against the Database maintained by the relevant Verification Service Provider.
